LETTER OF TRANSMITTAL

August 15, 2013

To the Board of County Commissioners and
Citizens of Rutherford County, Tennessee

The Rutherford County Finance Department herein submits the 2013-2014 consolidated budget document as required by Chapter 49, Private Acts of 1979. The Rutherford County Commission adopted this budget on June 28, 2013. The Commission also adopted a property tax rate of \$2.5652 to provide sufficient tax revenue that, together with other revenues, adequately funds total appropriations of \$481,558,216. An overview of the budget is provided in this document for those who do not require as much detail.

The County Commission is committed to maintaining adequate fund balances as recommended by bond rating agencies. This budget reflects reductions of the fund balances of the all budgeted funds with the exception of the Ambulance Fund. The County Commission has adopted resolutions establishing minimum fund balance's for the General Fund and the Debt Service Fund. The projected ending fund balances of the major budgeted funds are within the recommended ranges. Based on our strong financial performance, as well as the strength of the county's economy, Rutherford County maintains a bond rating of Aa1 from Moody's and AA+ from Standard and Poor's.

This budget also includes a capital projects section, providing information relative to the status of ongoing capital projects, as well as projections of future needs. These projections are based on a long-term capital plan that is updated on a regular basis. While most of the projects are funded through the issuance of debt, some of the smaller projects are with development tax revenue.

We hope that the design of this document will provide the reader with practical information necessary to understand the operation of county government. We appreciate the efforts of all county personnel in the development of this budget document.

Sincerely,

Lisa A. Nolen, CPA, CGFM
Finance Director

OVERVIEW OF THE OPERATING BUDGET

RUTHERFORD COUNTY, TENNESSEE

For the Fiscal Year Ending June 30, 2014

Pursuant to Chapter 49, Private Acts of 1979, the annual operating budget requests are presented for your consideration. The Finance Department offers this overview to provide general information relating to the proposed operating budget, along with information regarding changes that have a significant impact on the budgets of the various funds. We hope that this proves useful to individuals who are not concerned with the detailed information contained in the remainder of this document. Copies of this overview will be available for public review.

On June 28, 2013, the Rutherford County Commission approved a property tax increase of ten cents to ensure that fund balances in the major funds to meet their policies. In addition, they also chose to reallocate 3.6 cents of existing property tax rate from the Ambulance Fund, Highway Fund, and Debt Service to the General Fund.

It is necessary that the county maintain adequate fund balances to ensure funds are available to operate during the early months of each fiscal year, prior to the collection of current property taxes which begins in October. These balances are also needed to allow for unanticipated expenditures and/or changes in economic conditions. The county has adopted policies regarding the level of unreserved fund balances in the General Fund (15%) and the Debt Service Fund (computed). The State requires the Board of Education to maintain 3% of current appropriations in the unreserved fund balance in the General Purpose School Fund. Also, the State does not allow fund balances in the Cafeteria fund to exceed three months of operating expenses. The following schedule presents a summary of proposed operations to demonstrate the proposed appropriations and the anticipated revenues for each fund and the estimated change to each fund's assigned/unassigned fund balance.

PROJECTED REVENUES

Estimated revenues have been allocated to the various funds in the same manner as the previous year. In any given year, we usually anticipate a certain amount of revenue growth to fund normal inflation in county programs and services. The table on the following page presents the projected revenues that will be available to fund appropriations for all departments during the coming year. The largest revenue source is from the State of Tennessee which provides funding of \$157,724,400 (37%) for Rutherford County School from the Basic Education Program (BEP). Revenue growth projections are formulated based on the actual growth history of each individual revenue component for the past several years. As stated before, this analysis is based on the assumption that significant changes in these growth trends will not occur.

After the budget has been adopted for the next fiscal year, periodic reports will be made throughout the year to the Budget, Finance and Investment Committee of the County Commission to apprise them of our actual experience in comparison to these estimates.

APPROPRIATIONS

This will be the ninth year of the pay plan adopted by the Board of Commissioners in June, 2005. This plan affects personnel costs in the General Fund, Solid Waste Fund, Ambulance Fund, and Drug Fund. In August, 2011 the Steering Committee charged the Human Resource Director to perform a salary study. The governments selected to compare with Rutherford County included Williamson County, Montgomery County, Sumner County, City Of Murfreesboro and the City of Franklin. The results of the study revealed that the county's median for various positions were below the median of the comparable governments. Because of the cost, it was determined early on that it would take several years to bring the County's median up to the others.

Using the same basic grade structure of the original pay table, for fiscal year ended June 30, 2013 the steps increased from 10 to 20 steps and the intent was for employees to progress one step each year until they top out in their grade. Previously the county required employees to be in their existing step two full years, (with a measurement date as of June 30) before moving to the next step. The second phase of the HR department's plan is to expand the current 14 grades to 56 grades and move classifications to the correct grades based on data received from the 2011/2012 study.

The Rutherford County Commission supported the HR department's recommendation to implement the second phase of the pay plan. It should be noted that the base table has **not** been increased for cost-of-living.

The Human Resource Department also worked with the Highway Superintendent and applied the same methodology in evaluating each of their employees. The expanded grade table was used in preparing the budget for the Highway Fund. Salaries in the General Purpose School Fund and Cafeteria Fund are budgeted according to the Board of Education's pay plan. Their proposal includes earned steps and a 1.5 % increase to their base table.

The cost of providing health insurance to employees is a challenge for most governmental units. All fund budgets presented include funding the premiums as recommended by the Rutherford County Insurance Committee and adopted by the Rutherford County Commission. The Commission's stated plan is to increase the premium amount paid by the employee by at least 1% each year until the employee is responsible for 20% of the premium rate. For calendar year 2014, the employee will be responsible for 10% of the premium for individual coverage and 17% for any other tier (family, employee & child, employee & spouse).

The following table presents a comparison of current original and amended appropriations by fund with department requests and the approved recommendation. It is important to note that departments often submit budget requests with information as to the priority of certain new initiatives. There is always the realization that depending on revenue predictions, certain increases may not be approved. It's also important to note that when department's return their requests; they typically do not include any change to the current pay structure. Any changes to the calculation of payroll are generally presented in the Mayor's and the Budget & Finance Committee's recommendation. From the departments covered in the General Fund there were requests for 68 additional full time personnel at a cost of \$2,979,468. The County Mayor recommended a net increase of 9.3 fulltime positions and

decrease of two part time positions at a net cost of \$506,576. In addition to the positions recommended by the Mayor, the Budget and Finance Committee also recommended eleven new school resource officers and includes appropriations for required equipment and training.

Rutherford County, Tennessee Fund Balance Policy

Purpose

- The County hereby establishes and will maintain reservations of Fund Balance as defined herein in accordance with Governmental Accounting Standards Board Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions. This Policy shall apply to the County's General Fund and all governmental funds. Fund Balance shall be composed of restricted, committed, assigned, non-spendable and unassigned amounts.
- Fund Balance information is used to identify the available resources to repay long-term debt, reduce property taxes, add new governmental programs, expand existing ones or enhance the financial position of the County in accordance with policies established by the County Commission.

Definitions

- **Fund Balance** refers to the difference between assets and fund liabilities in the governmental funds balance sheet and is referred to as fund equity.
- **Restricted Fund Balance** – Amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling legislations. Restrictions may be changed or lifted only with the consent of the resource providers.

- **Committed Fund Balance** – Amounts that can be used only for the specific purposes determined by a formal action of the County Commission, the County’s highest level of decision making authority. Commitments may be changed or lifted only by the County Commission taking the same formal action that imposed the constraint.
- **Assigned Fund Balance** – Amounts that the County intends to use for a specific purpose the intent shall be expressed by management.
- **Non-Spendable Fund Balance** – Amounts that are not in a spendable form such as inventory or are required to be maintained intact (e.g. principal of an endowment fund).
- **Unassigned Fund Balance** – The residual classification for the general fund and includes amounts that are not contained in the other classifications. Unassigned amounts are the portion of fund balance which is not obligated or specifically designated and is available for any purpose.

Reservations of Fund Balance

1. Restricted Fund Balance General Fund

Restricted Fund Balances represent revenues whose use is constrained or restricted by external parties such as creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. The current property tax levy is considered restricted in all funds except the General Fund. Rutherford County receives the following examples of revenues in the General Fund that are restricted. This list is not intended to be all inclusive.

- a. Local Development Tax
- b. Alcohol & Drug Treatment
- c. Litigation Tax
- d. Drug Court
- e. Sex Offenders Registry
- f. Courtroom Security
- g. Victims Assistance
- h. Computer System – Register of Deeds
- i. Automation – Circuit Clerk, Criminal Court, General Sessions, Juvenile Court, Chancery, Sheriff, and County clerk
- j. Federal Grants, restricted to purpose
- k. State Grants, restricted to purpose

2. Committed Fund Balance General Fund

The County Commission hereby establishes the following committed fund balance reserves in the General Fund. Others may be established through the action of the Board of Commissioners.

- a. Monies received from renting the facilities at Lane Agri-Park are committed to provide maintenance to the Agri-Park property and facilities.
- b. Donations received by the Rutherford County Pet & Welfare Services (PAWS) are committed to provide improvements to their program or facility.
- c. Balances left on current year purchase orders are considered commitments of the government.

3. Assigned Fund Balance General Fund

The County Commission hereby establishes the following assigned fund balance reserve in the General Fund.

- a. Designated Carry Forward
The designated carry forward balance reserve is assigned by the County as set forth in the annual budget and any amendments thereto to provide funds for differences if any between budgeted revenues and expenditures.

4. Non-Spendable fund Balance General Fund

The County Commission hereby establishes the following non-spendable fund balance reserve in the General Fund

- a. Prepaid Items
The prepaid reserve is established to indicate those amounts relating to prepaid items that are not in a spendable form.

Minimum Level of Unassigned Fund Balance – General Fund

The General Fund unassigned fund balance will be maintained at a level sufficient to provide for the required resources to meet operating cost needs, to allow for unforeseen needs of an emergency nature, and to permit orderly adjustment to changes resulting from fluctuations of revenue sources. Given that current property tax collections do not begin until the fourth month of the fiscal year, and based on guidance provided by the Government Finance Officers Association (GFOA), Rutherford County will maintain at least Fifteen Percent (15.0%) of the next year's budget in the unassigned fund balance of the General Fund.

Any amounts remaining in the fiscal year-end unassigned fund balance in excess of Fifteen (15.0%) of the approved subsequent year's budget will be available for appropriation by the County Commission to cover such items as revenue shortfalls and unanticipated expenditures, and to ensure stable tax rates. The County Commission will attempt whenever possible to avoid appropriating such funding for recurring expenses.

Minimum Level of Assigned Fund Balance – General Debt Service Fund

It is the practice of the County to pay the principal and interest requirements on the County's debt obligations from the Debt Service Fund. Each year the Finance Director of the County shall determine or estimate the principal and interest requirements of the County and recommend sources of revenues

to meet these actual or projected requirements. Additionally, it shall be the policy of the County to begin each fiscal year with a balance of cash or investments in the Debt Service Fund in a conservatively calculated amount adequate to meet (1) cash flow needs, (2) budgeting contingencies, (3) emergency contingencies, (4) variable rate volatility contingencies plus (5) future forecasted needs.

- **Cash flow Requirement Component.** The majority of local County revenues come from property taxes. Property taxes levied for a specific fiscal year are generally collected in the second half of that fiscal year. For this reason, it is common for the County to expend more than it collects during the first half of the fiscal year. For this reason, it shall be the policy of the County to begin each fiscal year with a sum of cash or investments equal to the debt service fund requirements scheduled to be expended during the first six months of the next fiscal year. This amount will typically equal six months of interest expense on the County's total indebtedness unless the County schedules principal payments in the first six months of the fiscal year.

Generally, except for short-term capital outlay notes, the County will not schedule principal payments in the first six months of the fiscal year.

- **Budget Contingency Component.** By their very nature, budgeted revenues are estimated revenues. Certain sources of revenues are more volatile and less predictable than other types of revenues. For example, property tax collections are generally more stable than sales tax collections. It shall be the policy of the County to begin each fiscal year with a sum of cash or investments, as shall be reflected in the fund balance, equal to 10% of budgeted property tax revenues and 20% of other budgeted revenues in order to provide protection from unforeseen budgeting shortfalls.
- **Emergency Contingency Component.** The Budgeting Contingency is intended to protect the County from one-time shortfalls in budgeted revenues. It is recognized, however, that severe economic downturns in the local or national economy or the occurrence of natural disasters such as tornadoes can have a severe effect on property valuations, tax collection rates and sales and business taxes. It shall be the policy of the County to begin each fiscal year with a sum of cash or investments equal to the Budgeting Contingency as an Emergency Contingency balance.
- **Variable Rate Contingency Component.** The County can enter into variable rate loan agreements with either its own Public Building Authority or with other Public Building Authorities. Under certain circumstances, and in accordance with State Law, it may also be possible for the County to issue variable rate obligations directly. In the event that the County incurs variable rate liabilities, the County will (1) budget conservatively for the projected variable rate expense (i.e. current rate plus two percent (2%)) and (2) maintain an amount equal to two percent (2%) of the variable rate indebtedness to provide a measure of protection from variable rate volatility.
- **Growth Component.** Each year the County shall update a five-year capital improvement plan for the County. As part of this process, the County shall estimate the future debt service associated with new indebtedness projected in relation to the capital improvements plan. These projections shall provide a source of data from which to project the additional fund balance

needed in the Debt Service Fund over the next five years. It shall be the policy of the County to take future needs into consideration when determining the amount needed in the assigned fund balance and to use only that portion of fund balance in excess of the minimum required amount, if needed, to balance the annual debt service fund budget or to provide for other capital improvement needs of the County.

- **Debt Service Fund Draws and Fund Replenishment.** In the event that the County draws down the Debt Service Fund for the purpose of addressing any of the circumstances described above (i.e. shortfalls in budgeted revenues, emergencies, or unforeseen variable rate expenses, then the County shall commit to replenishing the Debt Service Fund to an appropriate level within two fiscal years.

Disbursement of Fund Balance Reserves

- Rutherford County reduces restricted amounts first when expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available. Rutherford County reduces committed amounts first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purpose for which amounts in any of those unrestricted fund balances classifications could be used.

Annual Review and Determination of Fund Balance Reserve Amounts

- Compliance with the provisions of this policy shall be reviewed as a part of the annual budget adoption process and amounts of restricted, committed, assigned, non-spendable, the minimum level of unassigned fund balance in the General Fund and the minimum level of assigned fund balance in the Debt Service Fund shall be determined during this process.

RUTHERFORD COUNTY TENNESSEE

2013-2014

Ambulance Fund 118

The Ambulance Fund was created in 2009 by the Board of Commissioners of Rutherford County to account solely for the financial operations of the Ambulance Service. In previous years, the ambulance service operations were budgeted and accounted for within the General Fund. While the Ambulance Service generates revenues through patient charges, an additional 5.79 cents of the property tax is needed to provide sufficient revenues to cover their appropriations. Currently there are 12 ambulance stations located within the county to serve all county residents.

Asset Forfeiture Fund

Special Purpose

121

The Department of Justice Asset Forfeiture Program is a nationwide law enforcement initiative that removes the tools of crime from criminal organizations, deprives wrongdoers of the proceeds of their crimes, recovers property that may be used to compensate victims, and deters crime. Federal law authorizes the Attorney General to Share federally forfeited property with participating state and local law enforcement agencies. Revenues in the Asset Forfeiture Funds are from those shared proceeds.

Drug Fund 122

Effective July 1, 1997, the Tennessee General Assembly enacted Chapter 56, Public Acts of 1997, which reclassified the Drug Control Fund from an Expendable Trust Fund to a Special Revenue Fund. This legislation requires adoption of a budget for this fund. Revenues are primarily generated from fines and proceeds from confiscated property. Funds can only be expended for the following purposes: (1) local drug enforcement program; (2) local drug education programs; (3) local drug treatment program; and (4) nonrecurring general law enforcement expenditures.

Education Capital Project Fund 177

The Education Capital Project Fund was created in 2007 by the Board of Commissioners of Rutherford County to account for major capital repairs in all the county's school properties. There are currently 47 school locations. Four and one half cents of the current property tax provides funding for those repairs. The Board of Commissioners has decided that these funds would only be utilized for specific education capital repair projects.

2013-2014 Capital Budget

Overview

Presented on the following pages is the 2013-2014 Capital Budget. This section has been divided into two categories: general capital projects and education capital projects.

The county commission has made certain decisions regarding the issuance of debt as follows:

- All debt shall be financed with near level requirements.
- Capital appreciation bonds will not be issued to fund future projects.
- Development Tax proceeds will be applied to finance capital projects.
- Evaluate the fund balance in the Debt Service Fund to ensure there are sufficient funds to meet all components of the Debt Service Fund Balance policy: 1) cash flow requirement; 2) budgeting contingency, 3) emergency contingency, 4) variable rate contingency and 5) growth component.

It is the policy of the county to fund capital expenditures for a period no longer than the anticipated useful life of the asset. In addition, the Rutherford County Commission adopted the following Capital Projects Funding Guidelines for all capital projects:

1. Capital project requests shall be accompanied by projections of capital expenditures along with staffing and operating costs.
2. Prototype and design plans shall be used when appropriate; realizing a modification fee may be necessary as sites vary.
3. Request proposals for available sites within a specified area. Advertise request: identifying area, designating amount of land and any other requirements thereby creating competitive process.
4. Any funds allocated for capital projects shall be used within the time period stipulated; otherwise it shall be redirected by the county legislative body to an authorized use. If funds were provided from the issuance of bonds or notes, the redirected use must be authorized by the applicable bond or note resolution.
5. Capital projects may be funded partially for feasibility, engineering and/or design studies or in its entirety.
6. All professional service providers, such as engineers, architects, environmentalist, soil scientists, etc., shall provide proof of errors and omissions insurance and/or surety bond equal to the total contract amount, to the Rutherford County Finance Director.

The 2013-2014 capital budget is funded through development tax, contributions, the issuance of bonds, notes and the use of undesignated portions of prior debt issues. Many of the projects in this presentation represent continuation or additional phases of projects initiated in previous years. This budget reflects each project in its entirety, with detail reflecting expenditures to date.

DIFFERENCES BETWEEN OPERATING AND BUDGET CAPITAL EXPENDITURES

The Operating Budget provides financing and expenditure control for reoccurring mandated governmental services, e.g. road maintenance, education, general government services, operations of the courts, etc. Operating budgets account for the day-to-day costs of providing government services for a given period. On-going operating budget expenditures are supported by current revenue, unlike capital budget expenditures, which are often supported by the issuance of long-term debt or special grant financing. The Capital Budget provides fiscal control for project specific, one-time expenditures that result in the acquisition of fixed assets. In the case of construction projects, the budget generally spans the total construction period, as opposed to one year. Because of the great difference between these two types of expenditures, it is necessary to budget for them separately.

OPERATING AGENCIES RESPONSIBLE FOR CAPITAL BUDGET DEVELOPMENT AND IMPLEMENTATION

The following departments and agencies play major roles in the development and implementation of the Capital Budget.

BOARD OF EDUCATION

The Board of Education is responsible for identifying the capital needs of the Rutherford County School system.

HEALTH & EDUCATION COMMITTEE

This committee makes recommendations regarding capital needs identified by the Board of Education.

PROPERTY MANAGEMENT

This committee reviews the need for new facilities and improvements to existing facilities, with the exception of schools.

BUDGET COMMITTEE

This committee makes recommendations regarding determining how capital projects will be funded.

The COUNTY COMMISSION must approve all capital projects and the method of funding.

FINANCING OF THE CAPITAL BUDGET

Many of the projects included in the Capital Budget are financed through the issuance of long-term general obligation debt (bonded debt and notes). The annual principal and interest payments required to amortize the long-term debt is an operating cost and therefore, budgeted in

the debt service portion of the annual operating budget. Each year the County commission levies tax on real and personal property in order to support the operating budget appropriations required to retire long-term debt. The annual debt service payments can be viewed as yearly installments on funds borrowed to acquire major public fixed assets, which will benefit the general public for generations to come.

AMENDING THE CAPITAL BUDGET

From time to time during the course of the year it is necessary to amend the Capital Budget. The Board of Commissioners must approve amendments that increase the total amount of a project. The Capital Budget must be amended in order to: include emergency projects; provide additional funds to cover cost overruns; remove uncommitted cash from completed projects; and to cancel projects that will not begin during the Capital Budget Year. The Board of Education requests amendments to the Capital Budget related to education capital projects. The Budget and Finance committee may approve amendments to capital projects that do not result in a change to the total project cost.

GENERAL GOVERNMENT CAPITAL PROJECTS

The County has performed some preliminary work and planning for a Justice Center building and a parking garage to support the activity to this building. While this project has been delayed for many years because of the necessity to build schools for an every growing school system, there has been some interest to begin moving this project forward. It is expected that the various committees will be discussing this project seriously in the 2013-2014 fiscal year.

Rutherford County has agreed to participate in funding road improvement projects with the State of Tennessee and City of Murfreesboro. This includes improvements to the Joe B. Jackson Parkway. Rutherford County's estimated share of this project is \$4,000,000. This project will be financed with bond proceeds. Construction of this project began in the spring of 2013.

The County Commissioners intends to improve the communications in the county amongst the emergency and safety departments. The Communication Project includes building additional towers and migrating to a microwave system. The source of funding for this project includes donations from the Christy Houston Foundation, development tax, grants from the Emergency E-911 District, and Homeland Security. The components purchased with the homeland security funds are accounted for in the operating budget of the General Fund. The estimated cost for the total project is \$1.9 million. This project should be completed during the 2013-2014 fiscal year.

During the previous fiscal year, the Elam Road fire department sustained damage due to a fire. The refurbishing of the building should be completed in the fall of 2013. This project was mostly financed from the unassigned fund balance of the General Fund.

EDUCATION CAPITAL PROJECTS

STEWARTS CREEK HIGH SCHOOL. This project is for the construction of a high school located near Smyrna and built on the same campus as Stewarts Creek Middle and Elementary School. The Board of Education opened this high school in August, 2013. There will be additional expenditures made for this project during the 2013-2014 fiscal year.

BLACKMAN MIDDLE ANNEX. This project is for the construction of an addition to the existing Blackman Middle School. The addition will allow an additional 500 students to attend this school and is expected to be completed before August, 2014.

SMYRNA PRIMARY ADDITION. The Board of Education desires to renovate and build an addition to Smyrna Primary school. At the time of publication of this document, only the design phase has been approved and authorized by the Board of Commissioners. It is expected the Board of Education will request funding for the construction. The anticipated cost of the project is \$2.5 million.
